Position: Architectural Salvage Field Tech

- **Location:** 3447 4th Ave S, Seattle WA 98134
- **Job Type:** Full-time (40 hours, Monday through Friday, 7:30am - 3:30pm)
- **Compensation:** $22.00 - $24.00 per hour
- **Contact:** paul@ewsalvage.com

About the Role

Earthwise Salvage has been the Pacific Northwest's leader in architectural reclamation for over 30 years. We don't just sell used building materials; we divert history from landfills. We are currently looking for a hardworking, reliable full-time Field Tech to join our two-person salvage crew.
This is a hands-on role working primarily in the field, with the occasional day at our Seattle retail warehouse in SODO. A typical day starts at the warehouse at 7:30am, unloading materials from the previous day's salvage. Then it's off in our 16' box truck to the salvage location to remove reusable items from the building and get them safely secured for the ride back. Jobs range from removing every cabinet and appliance from a million-dollar McMansion in Issaquah to pulling floorboards, doors and windows from a dilapidated old craftsman in Greenwood.

Key Responsibilities

- **Physical Capability:** You must be able to lift and carry 50+ lbs and be physically able to perform all aspects of the job.
- **Reliability:** Our crew is small, so we need someone who shows up on time and ready to work, follows direction, and works well in a team.
- **Problem-Solving:** You'll be a real-time problem-solver who takes initiative. You should have experience with basic hand and power tools and be able to work efficiently and safely while removing salvageable items from buildings.
- **Customer Service:** You will be working with a diverse customer base and should be comfortable dealing with all kinds of people.
- **Quick Learner:** No two jobs are alike, so you'll need to pick up new skills and materials quickly.

Why Earthwise?

You'll never have the same day twice. You'll work with some of the most unique architectural pieces in the region alongside a team that actually cares about the environmental impact of the building industry. It would be ideal if you have a sense of humor, love the environment, and are a bit of a geek about cool, old architectural salvage or construction. People with a criminal record are encouraged to apply.

Benefits & Perks

- Health Insurance (company covers 80%)
- Paid Time Off (PTO): 2 weeks per year
- Generous Employee Discount on Earthwise Inventory
- Interesting work with a fantastic group of people
